INDEX OF SUBJECTS.

PAGE

Acanthia lectularia, behaviour of *Trypanosoma lewisi* in 386
„ experiments with *Trypanosoma lewisi* and 450
Amblyomma, *see* Ticks
Ankylostoma duodenale, *see* Ankylostomiasis
Ankylostomiasis in Natal 312
Anthrax, *see Bacillus*
Antimony treatment of surra in horses 99
Argas, *see* Ticks
Arsenical treatment, effect on *Trypanosoma brucei* 204
„ „ of surra in horses 73, 288
Arsenicals, effects on *Trypanosoma gambiense* 428
Arsenophenylglycin, *see* Arsenicals
Arthropoda, *see* Insecta, Flies, Fleas, Ticks

Bacilli, colony formation studied 46
„ division and mode of growth 17
Bacillus anthracis, division and mode of growth 23
„ *coli*, division and mode of growth 40
„ *coryzae segmentosus*, division and mode of growth 38
„ *diphtheriae*, division and mode of growth 34
„ *enteritidis*, division and mode of growth 40
„ *fluorescens*, division and mode of growth 40
„ *Hofmanni*, division and mode of growth 38
„ *pestis*, division and mode of growth 33
„ *pneumoniae*, division and mode of growth 40
„ *pseudo-diphtheriae*, division and mode of growth 34
„ *subtilis*, division and mode of growth... 40
„ *typhosus*, division and mode of growth 40
„ *xerosis*, division and mode of growth... ... ... 34, 38
Bacteria, *see Bacillus*, *Spirillum*
Biometric study on *Trypanosoma gambiense* 455
Biting of Mosquitoes, *see* Mosquitoes
Buffalo, *see Spirochaeta*
Bugs, *see Acanthia*

PAGE

Cattle, Trypanosomes in 490
„ *see* East Coast Fever, Buffalo
Culex fatigans 479
Cultures of Trypanosomes from cattle 490
Cystocercus portolae n. sp. 420
Cytoleichus banksi n. sp. 421

Dermatophyton malassezi, the "bottle bacillus" 279
Diphtheria, *see Bacillus*
Dog, *see Piroplasma*

East Coast Fever of Cattle, *see Theileria*
Epithelioma papulosum in fish 60

Fibromata in fish 59
Fish, Entozoa in (Firth of Clyde) 322
„ *Peracreadium genu* 326
„ *Peracreadium commune* 328
„ *Lebouria varia* n. sp. 329
„ *Lebouria alacris* 332
„ *Podocotyle atomon* 334
„ *Helicometra pulchella* 336
„ *Stephanochasmus baccatus* 340
„ *Stephanochasmus pristis* 340
„ *Lepidapedon rachiaeum* 341
„ *Pharyngora bacillaris* 341
„ *Leioderma furcigerum* 347
„ *Leioderma cluthense* 347
„ *Zoogonoides viviparus* 348
„ *Derogenes varicus* 348
„ *Lecithaster gibbosus* 349
„ *Lecithochirium rufoviride* 349
„ *Lecithocladium excisum* 349
„ *Hemiurus communis* 350
„ *Hemiurus lühei* 350
„ *Prosorhynchus aculeatus* 350
„ *Prosorhynchus crucibulum* 352
„ *Bothriocephalus bipunctatus* 355
„ *Abothrium rugosum* 355
„ *Scolex polymorphus* 355
„ *Colliobothrium* 355
Fish, parasitic and other diseases in 54
Fleas, transmission of *Trypanosoma lewisi* by 440
„ *see Trypanosoma lewisi*
Flies, *see Herpetomonas, Myiasis, Spirochaeta, Trichomastix*

Gamasus sp., experiments with *Trypanosoma lewisi* and 450
Glugea shiplei parasitic in *Gadus luscus* 55

PAGE

Green-fly, *see Siphonophora*
Ground-Squirrel, *see* Squirrel

Haemaphysalis, *see* Ticks
Haematopinus, *see Trypanosoma lewisi*
Haemogregarina canis adusti n. sp. 112
Haemogregarina, *see Leucocytozoon*
Hirudinea, *see* Leeches
Homalomyia canicularis, *see* Myiasis, Flies

Insecta, *see Siphonophora*, Flies
„ collection and preservation of 485
Ixodes, *see* Ticks
Ixodoidea, *see* Ticks

Jackal, *see Haemogregarina*

Leeches, Bibliography relating to ... ... 188—199
„ classified list of British species 186
„ Revision of British species 130
„ *Branchellion torpedinis* 134
„ *Trachelobdella lubrica* 138
„ *Piscicola geometra* 140
„ *Pontobdella muricata* 143
„ *Protoclepsis tessellata* 148
„ *Hemiclepsis marginata* 151
„ *Glossosiphonia heteroclita* 155
„ *Glossosiphonia complanata* 158
„ *Helobdella stagnalis* 162
„ *Haemopis sanguisuga* 165
„ *Hirudo medicinalis* 171
„ *Herpobdella octoculata* 177
„ *Herpobdella atomaria* 180
„ *Trocheta subviridis* 183
Leucocytozoon citellicola n. sp. 417
„ remarks upon the genus 63, 239
„ *see Haemogregarina*
Lice, transmission of *Trypanosoma lewisi* by 447
„ *see Trypanosoma lewisi*
Linguatula subtriquetra in crocodiles 275

Macrostoma mesnili n. sp., a flagellate in human intestine 210
Methods, *see* Insecta, Cultures
Mites, *see Cytoleichus*
Mosquitoes, influence of temperature on biting of 479
Mucidus scatophagoides 480
Myiasis due to larvae of *Homalomyia canicularis* in man 314, 315

PAGE

Necator americanus, *see* Ankylostomiasis

Ornithodoros moubata, behaviour of *Trypanosoma lewisi* in 384
„ „ degeneration of *T. gambiense* in 424

Phlebotomus babu 480
Piroplasma canis, degeneration of, following drug treatment 202
„ *rossi* n. sp. 109
Piroplasmosis in Nyasaland cattle 307
Plague, *see Bacillus*
Porocephalus bifurcatus, from *Varanus* 277
„ *clavatus*, from *Varanus* 277
„ *kachugensis* n. sp. from *Kachuga lineata* 277
„ *moniliformis*, from *Python* 276
Protozoa, *see Glugea, Haemogregarina, Leucocytozoon, Macrostoma, Piroplasma, Spirochaeta, Theileria, Trichomastix, Trichimonas, Trypanosoma*
Pseudo-diphtheria, *see Bacillus*
Publications received 390

Rats, list of ectoparasites of 438
„ *see Trypanosoma lewisi*
Rhipicephalus, *see* Ticks
Rhodesian Fever of Cattle, *see Theileria*
Rose-tree, *see Siphonophora*

Siphonophora rosarum Walck., anatomy of 1
Skin, *see Dermatophyton*
Spirillum cholerae asiaticae, division and mode of growth 40
„ *rubrum*, division and mode of growth 40
Spirochaeta bovis caffris n. sp. 113, 319, 321
„ in caddis-fly larvae 251
Sporozoa, *see Glugea*
Squirrel (*Otospermophilus beecheyi*), some parasites of... 418
Stegomyia scutellaris, *see* Mosquitoes
Surra, antimony treatment of 99
„ arsenical treatment of, in horses 73, 288

Taenia elliptica, so-called musculature of 217
Temperature, effect on biting of mosquitoes 479
Theileria parva, study of stained parasites 117
„ „ *see* Piroplasmosis
Ticks, new species, etc. 395
„ „ „ *Argas reflexus* var. *indicus* n. var. 396
„ „ „ *Ixodes gigas* n. sp. 397
„ „ „ *Rhipicephalus breviceps* n. sp. 398
„ „ „ *Haemaphysalis longipalpis* n. sp. 399
„ „ „ *Haemaphysalis cuspidata* n. sp. 401

PAGE

Ticks, new species, *Haemaphysalis leachi* var. *indica* 402
„ „ „ *Amblyomma annandalei* n. sp. 403
„ „ „ *Aponomma gervaisi* var. *lucasi* n. var. 406
„ „ „ *Ixodes caledonicus* n. sp. 408
„ „ „ *Ixodes loricatus* var. *spinosus* n. var. 411
„ „ „ *Amblyomma* v-*notatum* n. sp. 412
„ „ „ *Rhipicephalus simpsoni* n. sp. 413
Ticks, species occurring in India (list) 397
„ *see Ornithodoros*
Treatment of Protozoal diseases, *see* Antimony, Arsenical, *Piroplasma*
„ „ „ „ Surra, *Trypanosoma*
Trichomastix trichopterae n. sp. in caddis-fly larvae 245
Trichomonas, supposed cysts of 214
Trypanblue treatment, *see Piroplasma canis*
Trypanosoma, *see* "*Trypanozoon*"
Trypanosoma brucei, degeneration of, following drug treatment 204
„ *evansi*, *see* Surra
„ *gambiense*, biometric study of 455
„ „ degeneration phenomena 423
„ „ effect of arsenical treatment on 424
„ „ in *Ornithodoros moubata* 424
„ *lewisi* development in fleas, lice, ticks, bugs 360
„ „ fixation and staining of 226
„ „ literature relating to 453, 478
„ „ morphology, normal and abnormal 459
„ „ peculiar form of 451
„ „ prevalence in rats 437
„ „ in relation to fleas, lice, ticks, etc. 436
Trypanosomes in cattle in Germany 490
Trypanozoon otospermophili n. sp. 419
Typhoid, *see Bacillus*

Uncinaria americana, *see* Ankylostomiasis

Vermes, *see Ankylostoma*, *Cystocercus*, Fish Entozoa (Firth of Clyde), Leeches, *Linguatula*, *Necator*, *Porocephalus*, *Taenia*, *Uncinaria*
